

Front-End Web Developer

INNOBYTE is looking for a creative Front-End Web Developer fluent in CSS and HTML and general web technologies, ideally with existing e-commerce development experience.

The goal of this position is to customize and design e-commerce platforms, using Magento platform or Symfony 2 framework, for worldwide customers.

If you have never worked with e-commerce platforms before, consider this a challenge to sharpen your skills as an individual and to join one of the most dynamic new industries!

Responsibilities:

- * Work in a great team together with Project Managers, Web Developers, Front End Developers, Quality Assurance Engineers and System Administrators
- * Analyze client business requirements and recommend innovative solutions / provide estimates when needed
- * Collaborate with the team in order to understand the client needs and communicate project progress
- * Determine the best approach to solving complex business problems with technology and write great & documented code to accomplish this
- * It is expected that you will be passion driven with a sharp attention to details, especially for embracing new technologies (CSS frameworks like Bootstrap or Foundation)

Requirements:

- * Proven experience with CSS, XHTML, CSS3 and HTML5
- * Very good knowledge of Javascript (library jQuery, Prototype)
- * Experience working with Adobe PS
- * Solid background in load page optimization
- * Basic knowledge of PHP and MySQL
- * Experience working with a version control system such as GIT/SVN/Mercurial
- * Excelent problem solving and communication skills

Nice to have:

- * Experience with CSS frameworks like Bootstrap or Foundation
- * Experience working with WordPress implementations
- * Experience working with Magento or Symfony

- * Experience with SASS
- * Ability to analyze and troubleshoot staging and production implementations and performance

Benefits:

- * Competitive salary aligned with your skills and experience
- * Private health subscription
- * Breakfast with your colleagues
- * Extra free days each year
- * Team buildings
- * Workshops and trainings
- * Support for obtaining certifications
- * Relax room with fussball, Xbox, darts and more

*If you think you find yourself in the description of our **Front-End Web Developer** position do not hesitate to apply for this job in the right form. We are looking forward to meet you!*
